SAVE THE LION MAASAI MARA
C/SORALLA I-CP 28292 – EL
ES CORIAL – MADRID – SPAIN

Dear Sir,

REF: REQUEST FOR OLONKOLIN ELECTRIC PILOT FENCE REPAIR.

The above subject refers:-

The Human Elephant Conflict mitigation pilot electric fence was supported by WWF at Olonkolin area in Transmara South Sub-County following various retaliatory attacks and community request in June 2021.

The project was handed over to the community after completion, however project sustainability and budget for maintenance is now a challenge as it was not factored in and the community has no capacity to do it.

During a recent public Baraza held by warden Transmara, area ACC and local chiefs after a lion was killed in the area; the community requested KWS to support in fence rehabilitation or seek stakeholder support for the same.

Attached is a forwarded budget from the Area County Commissioner to KWS for fundraising support to assist the community after the public Baraza for your consideration.

Best Regards.

PHILEMON KIPKORIR CHEBET
